MEMORANDUM FOR THE RECORD:

Subject: Publication Review Subcommittee.

The meeting of the Policy and Review Board was held on 7 May 1946 on above subject. The proposed memorandum submitted for discussion at the meeting was not considered adequate. It was recommended that it be rewritten to the effect that the Director of Central Intelligence concurred in the specified function of the Publications Review Subcommittee (said function to be stated explicitly). It was recommended also that the Secretary, JIC, should be notified that the CPS was undertaking the necessary staff action to take over the stated function and that this staff action would require I.A.B. concurrence.
